HAVANA.

Spanish Troops Unable to Check Their Advance or Prevent the Work of Devastation—Authorities Admit the Gravity of the Situation—Non-Combatants at the Capitol.

Havana, Jan. 6.—Havana spent a day of nervousness and anxiety yesterday and was in hourly apprehension of an attack by the insurgent army or a part of it. Saturday the bands commanded by Nunez and Bermudez were seen at Managua, a village not more than twelve miles from Havana.

The Spanish authorities have maintained a cordon of military forces running from Havana to the town of Batabano, on the south coast, since the invasion of Matanzas province by the insurgents, beyond which they hoped to prevent the advance of the destroying columns of their enemies. This cor-

beyond its force as a confession that the Spanish forces are badly handicapped by the lack of mounted troops and are practically helpless against the cavalry forces of the insurgents.

Many hundreds of non-combatant inhabitants of the island have come to Havana to await the passing of the storm. Still more have sent their wives and families here as a safe refuge. This class of the population is in a state of utter consternation and dismay, and spreads an infectious spirit of panic through all other circles.

The authorities no longer make the slightest concealment of the serious view they take of the situation, and there are some who do not hesitate to rail at the Spanish generals and the troops and make bitter criticisms of them. There has been great fear that the light and water supply of the city would be cut off by a sudden raid of the insurgent forces. The idea of the city being left in total darkness for the unseen working of plots and seditious is itself enough to work a panic in the nervous condition of the public mind. All possible recruits have been enlisted for the defense of the city and the available ground about the city has been filled with batteries of artillery, which are manned night and day.

Campos Issues a Manifesto.

Tampa, Fla., Jan. 6.—An American passenger arriving from Cuba last night reports that the Cubans are within seventeen miles of Havana. According to his statement Gomez has 22,000 men. The insurgents burned Quivicán, San Felipe, Duran, Meleno, Delaur and Guara Friday night. These places are twenty miles from Havana.

Gen. Campos has issued a manifesto to his officers urging a strict obedience to his orders, and threatening those disobedient with dishonorable return to Spain in forty-eight hours.

A CONDUCTOR'S NEGLIGENCE.

Open Switch Causes a Fatal Collision Near Chillicothe, O.

Chillicothe, Ohio, Jan. 6.—At 11 o'clock Saturday night two freight trains stood on a switch at Schooley's station, seven miles east of here. The first train pulled out, and the conductor, thinking that the second would follow, left the switch open. Fifteen minutes later the east-bound express came along at forty miles an hour, and, running into the switch, collided with the train standing there. Both trains were badly wrecked. The dead are:

ENGINEER MICHAELS of the express, both arms and legs cut off; died at his home in this city.

FIREMAN LEON MATHERS, instantly killed.

FIREMAN GEORGE ADDIS.

FIREMAN J. H. COX.

JESSE KING, the front end brakeman.

POSTAL CLERK J. F. EDMINTON, of Loveland.

The injured are:

Postal Clerk J. D. Murphy, of Greenfield.

Engineer Fitzsimmons.

Conductor Hendershot of the freight train is, it is said, responsible for the wreck, as he left the switch open. The passengers in the express were badly shaken up, but none was seriously injured.

SHEA IS INNOCENT.

Real Murderer of Robert Ross, at Troy, N. Y., Makes a Confession.

Albany, N. Y., Jan. 6.—The climax of one of the most dramatic and sensational criminal incidents of the state's history was made public yesterday when, just forty-eight hours prior to the execution of the death sentence upon Bartholomew Shea, another man confessed to the murder, and Shea steps from beneath the shadow of death thrown by the electric chair. The man who voluntarily confesses to the crime is John McGough of Troy, now serving a sentence of nineteen years and six months for shooting and attempting to kill William Ross, a brother of Robert Ross, who was supposed to be Shea's victim. Gov. Morton has granted a respite for four weeks, during which time counsel could take the proper means to bring the matter before the courts for a new trial. Mr. Hitt will go before the Supreme court to-day and ask for a trial for Shea and the production in court of McGough.

Great Political Change in Kentucky.

Lexington, Ky., Jan. 6.—A grand transformation takes place in Kentucky today. The democrats give way and the republicans take the reins of government in every department of state. The legislative caucuses will be held this morning. The friends of Blackburn and Hunter claim everything. The joint caucus will take place probably Jan. 21, and it looks like defeat for Blackburn. Two democrats are sick, one of the populists will vote with the republicans and one or two democrats will not vote for Blackburn they say under any circumstances. A wrangle among the republicans is likely since Wilson of Louisville says he will not go into caucus. Judge Morrow, who has announced himself a candidate for the senate, is a relative of Gov. Bradley.

Krueger Replies to Germany's Emperor.

Berlin, Jan. 6.—President Krueger of the Transvaal has sent to Emperor William the following reply to the latter's telegram of congratulation upon his success in repelling invasion: "I testify to your majesty my very deep and heartfelt thanks for your sincere congratulations. With God's help we hope to do everything possible to hold our dearly bought independence and the stability of our beloved republic."

BONDS AND TARIFF
ARE THE THEMES

THE TWO TOPICS FOR LEGISLATION.

Bond Bill Will be the First to Receive Consideration—The War Scare in Europe May Make Capitalists There Hold Their Gold—General Washington Events.

Washington, Jan. 6.—The senate is not in session today, but it is expected to resume the work of the session in earnest Tuesday. The finance committee has promised to report both the bond bill and the revenue tariff bill on that day, and it may be reasonably expected that if this promise is kept the debate during the remainder of the week and for some time afterward will be based upon these bills.

The bond bill probably will be the first of the two measures to receive attention, and it is considered probable that a fortnight may be devoted to its consideration. The republicans also are hopeful of being able to dispose of the tariff bill in the same length of time. They have received assurances from individual democratic leaders that they will not resort to dilatory tactics to prevent the early disposal of either of the bills. This does not mean, however, that they will not insist upon a thorough debate upon them.

Senator Elkins' bond resolution holds its place on the calendar as the unfinished business, and is in a position to furnish a basis of discussion until the finance committee bills shall be reported. If it should not be acted upon before these reports are made it is yet uncertain whether the resolution would be pressed, but the chances are that it would be.

The finance committee meets again this afternoon, by which time it is presumed the silver majority of the committee will have proposed its substitute for the bond bill, which will provide for free coinage.

MAY KEEP THEIR GOLD.

European Capitalists Likely to Need the Yellow Metal at Home.

New York, Jan. 6.—The possibility of a European war was coupled with the proposed bond issue as a subject for discussion by financiers yesterday. It was argued by some that this war talk was more disturbing in London than a dozen dispatches about the Venezuelan boundary, and will have the effect of preventing foreign capitalists from taking our bonds for the reason that they will want to keep their gold at home.

This will be true not only in England, but in Germany, France and Holland, for all Europe is disturbed by the Transvaal affair, and so long as there is a possibility of war between any two European countries, the capitalists of all will keep their yellow metal as if it were gunpowder needed for defense.

The effect of this new turn of affairs was discussed in every phase and it was generally concluded that its effect will be to strengthen the backbone of the United States when the country is thrown on its own resources.

It is thought that the chances for a settlement of the Venezuelan dispute have been greatly improved by the fact that Salisbury has enough on his hands already and as this feeling is general, it will establish renewed confidence in Wall street.

The opinion in regard to the foreign situation was strengthened by the announcement again made that the Rothschilds will have nothing to do with the new bond issue. The London Times first made this statement, but it was regarded then as a bluff. The action of the Belmonts indicates, however, that the Rothschilds meant what they said, but the opinion of financiers is that the great European house was influenced by the prospects of better opportunities for investment rather than any objection to Uncle Sam's securities.

The plan which met with most favor among Wall street men who are opposed to the syndicate is to have the secretary of the treasury communicate with national and state banks to ascertain how many bonds each could take at about 110. The banks could then ascertain from customers what amount of the bonds would be bought by them and with the amount the banks would take themselves it is argued that at least \$100,000,000 and possibly more could be disposed of like hot cakes.

Although a great many financiers think a public loan would not be a success, others claim that objections to it have been created and circulated by bankers opposed to the plan for personal reasons. Mr. Morgan is said to have used his influence to create this opinion and his friends did their best to frighten the president.

Five Persons Injured at Chicago.

Chicago, Jan. 6.—Five persons narrowly escaped death yesterday afternoon at the Paulina street crossing of the Chicago, Milwaukee and St. Paul railway. A funeral procession was crossing the tracks at 3:15 o'clock when a passenger train west-bound struck the next to the last carriage, containing four persons. The injured are:

Hugh Gorman, driver of the carriage; scalp wound on right side of the head and several deep cuts about the face and internal injuries; taken to his will recover.

Mrs. Thomas Pipe, injured about the body.

Mrs. Annie Dowling, severe scalp wounds.

Nora Sweeney, scalp wounds and bruises about the body.

CIRCULAR ISSUED
BY MR. CARLISLE

BOND ISSUE READY FOR THE PEOPLE.

Government of the United States Will Will Sell \$1,000,000,000 Worth of Securities—The Loan a "Popular" One—Text of the Circular—Must be Paid With Gold.

Washington, Jan. 6.—Speculation concerning the amount and character of the new bond issues was set at rest last night when Secretary Carlisle made public a circular on the subject.

The loan will be a "popular" one and the circular, which is dated Jan. 6, gives notice that the government will sell \$100,000,000 thirty-year 4 per cent coupon or registered bonds, dated Feb. 1, 1896, for which purchasers will be required to pay in gold coin or gold certificates.

This is the first issue of the present administration of such a large amount of bonds at one time, all the previous issues having been for \$50,000,000 each. The circular also contains an intimation of a possible further issue of bonds should the issue or sale of an additional or different form of bond for maintenance of the gold reserve be authorized by the law before Feb. 5.

The fact that the bonds will be issued in sums of \$50 and multiples thereof and be payable in installments is a feature which it is believed will make them regarded with popular favor. The main reason for dating the bonds a year back is said to be in order to give the public a better opportunity to judge their market value by comparing them with the gold 4 issued at that time, so that their bids can be made to conform with the market value of those bonds on the 1st of February.

The circular is as follows:

"Treasury Department, Office of the Secretary. Washington, Jan. 6, 1896.—Notice is hereby given that sealed proposals will be received at the office of the secretary of the treasury at Washington, D. C., until 12 o'clock m., on Wednesday, the 5th day of February, 1896, for the purchase of one hundred million dollars (\$100,000,000) of United States four per cent coupon, or registered bonds, in denominations of fifty dollars (\$50) and multiples of that sum, as may be desired by bidders. The right to reject any or all bids is reserved.

"The bonds will be dated on the 1st day of February, 1896, and be payable in coin, thirty years after date, and will bear interest at 4 per cent per annum, payable quarterly, in coin, but all coupons maturing on and before the 1st day of February, 1896, will be detached, and purchasers will be required to pay in United States gold coin, or gold certificates, for the bonds awarded to them, and all interest accrued thereon after the 1st day of February, 1896, up to the time of application for delivery.

"Payments for the bonds must be made at the treasury of the United States at Washington, D. C., or at the United States sub-treasuries at New York, Boston, Philadelphia, Baltimore, Cincinnati, Chicago, St. Louis, or New Orleans, or they may be made at San Francisco with exchange on New York, and all bids must state what denominations of bonds are desired, and whether coupon or registered, and at what place they will be paid for.

"Payments may be made by installments, as follows: Twenty (20) per cent upon receipt of notice of acceptance of bids, and twenty per cent (20) at the end of each ten days thereafter; but all accepted bidders may pay the whole amount at the date of the first installment, and those who have paid all the installments previously maturing may pay the whole amount of their bids at any time, not later than the maturity of the first installment.

"The bonds will be ready for delivery on or before the 15th day of February, 1896.

"Notice is further hereby given that if the issue and sale of an additional or different form of bond for the maintenance of the gold reserve shall be authorized by law before the 15th day of February, 1896, sealed proposals for the purchase of such bonds will also be received at the same time and place, and up to the same date, and upon the same terms and conditions herein set forth, and such bids will be considered as well as the bids for the 4 per cent bonds herein named.

"J. G. CARLISLE,

"Secretary of the Treasury."

Wants a Continental Congress.

City of Mexico, Jan. 6.—The Monitor-Republican, one of the principal newspapers here, urges the prompt realization of the idea of a continental congress of all American nations. It scolds the theory advanced by the clerical papers that the Monroe doctrine is simply a pretext of the United States to acquire predominance in Latin America, with the view of ultimately swallowing up the whole hemisphere.

Panic and Death at a Fire.

Altoona, Pa., Jan. 6.—The Central hotel of this city was burned early yesterday morning. Many of the guests were taken out of upper windows by the firemen, and it is thought that all escaped safely. One fireman was killed by a falling wall. The flames spread to the three-story building of George Streit, and burned it to the ground. The loss will reach close to \$200,000.

KRUEGER'S OPINION.

President of Transvaal Republic Has Lost Faith in Premier Rhodes.

Cape Town, Jan. 6.—It is reported that the Hon. Cecil Rhodes, premier of Cape Colony, has resigned, but Gov. Sir Hercules Robinson has declined to accept the resignation.

Colonial Secretary Chamberlain has telegraphed asking if it were true that Dr. Jameson was shot, adding that Mr. Rhodes had telegraphed a positive denial of the rumored gathering of a second force of the Chartered South Africa company's troops at Bulawayo. President Krueger has replied that he had given no orders to shoot freebooters who had been taken prisoners, but that they would be punished according to law. He said that they had been treated with the greatest consideration by the burghers, despite the fact that the latter had more than once been forced to take up arms in defense of the republic.

President Krueger adds: "Our confidence in Mr. Rhodes has received such a rude shock that his repudiation of the proceedings at Bulawayo ought to be received with the greatest caution. Even now we have news that an armed force is collecting on our borders. If it be true, I trust that not the word of Mr. Rhodes but the influence of your government will suffice to prevent the further incursions of freebooters, although it was not successful in arresting the advance of Dr. Jameson."

Secretary Chamberlain in his reply thanked President Krueger for his assurances and adds that he had always felt confidence in his magnanimity. He had sent an imperial officer, he said, to Bulawayo to see that his orders were observed and to prevent the possibility of any further raids, and assuring President Krueger that he might rest confident that he would strictly uphold the regulations of the convention of 1884.

BRAKE WOULD NOT WORK.

Freight Train Crashes Into an Electric Car at Elwood, Ind.

Elwood, Ind., Jan. 6.—A frightful collision occurred in this city last evening at 4 o'clock at the crossing of the Lake Erie and Western Railway and the electric street car lines, on Anderson street. An extra freight engine and caboose crashed into an electric car containing a number of passengers, hurling it fifty feet, demolishing it and throwing its occupants in every direction. Motor-man John Nuding was unable to stop his car, as the brakes would not set. The injured are:

Chris Hines, skull fatally crushed.

Motor-man John Nuding, back hurt.

Mrs. Bright, arms bruised.

Thomas Bright, spine injured.

Two unknown, badly injured in chest and head.

Three persons, in attempting to jump off the trolley car, were dragged under the car until the engine stopped, but were not seriously injured. It is thought all the injured persons will recover except Hines. The damage to the street railway company is estimated at \$2,000.

SATOLLI'S SECOND STEP.

Elaborate and Imposing Ceremony at Baltimore, Md.

Baltimore, Md., Jan. 6.—The second step in the elaborate ceremony of elevating Francis Satolli, archbishop of Lepanto and apostolic delegate to the United States, to the rank of cardinal, prince of the church, took place in the venerable cathedral here yesterday. The ceremony consisted of conferring the berretta, which is the cap worn by priests on ordinary occasions and differing only in the case of cardinals in that it is red. The preceding steps have been the conferring of the zucchetto, or red skull cap, and the administering of the oath. The remaining step is the conferring of the red hat, which must be done in Rome, by the pope himself, within six months from Nov. 30, the day upon which Satolli's appointment was made.

Irrigation Work Advancing.

Lincoln, Neb., Jan. 6.—The records of the office of the secretary of the state board of irrigation show that the claims for water rights are coming in at a rate which had not been anticipated by the most ardent enthusiast among irrigationists. It is shown that there have been claims filed covering 2,500,000 acres of land, and it is expected that this will be increased by May 1, the end of the first year of the board's work under the new law, to fully 3,000,000. If a small fraction of this amount of land is actually watered during the coming season there will be a splendid showing made for irrigation in Nebraska.

Gen. Harrison Going to New York.

Indianapolis, Ind., Jan. 6.—Gen. Harrison will go to New York this week on legal business, it is announced. The announcement has revived gossip in reference to his alleged engagement to marry Mrs. Dimmick. There has never been any denial either from the general himself or from any of his friends that he intends to marry Mrs. Dimmick, and so far as this city is concerned most people have settled down to the belief that the story is true. The people who like to gossip are predicting that the announcement of the engagement will be made during the general's stay in New York.

Twenty-Eight Killed in a Week.

Durban, Natal, Jan. 6.—The mail train from Johannesburg has arrived here crowded with passengers. This train was overturned on Dec. 30 and several coaches were smashed, twenty-eight persons being killed and twenty-three dangerously wounded.

FIRE AT MAYVILLE
HURT MANY FIRMSREIBLE'S BIG BLOCK BURNED
THIS MORNING.

Loss is Five Thousand Dollars Partially Covered by Insurance—Blaze at Sheboygan Dec. \$100,000 Damage—The Trial of Banker Day Begins at Milwaukee.

Mayville, Wis., Jan. 6.—[Special]—Fire this morning destroyed Reible's large block, occupied by E. H. Witte, photographer, the State bank, August Reible's marble shop, Lawrence & Lameroux's law office, Dr. Dastlein's office and Reible's dry goods store. The total loss is five thousand. Partly insured.

Sheboygan, Wis., Jan. 6.—Fire caused \$100,000 damage to stock stored in the Cold Storage company's warehouse yesterday. Among the property destroyed was 10,000 boxes of cheese, owned by George S. Bart & Co., of New York, and local firms. The Landreth Seed company of Manitowoc loses 11,000 cases of canned peas. The losses are fully covered by insurance.

CAN NOT SUE THE COMPANY.

Judge Baker of Federal Supreme Court Upholds the Railroad.

Indianapolis, Ind., Jan. 6.—Judge Baker, of the Federal court, held on a demurrer in a suit brought by Eugene Otis against the Pennsylvania Railway company, that the plaintiff, disabled by accident, was not entitled to damages because he had accepted the benefits of the defendant's voluntary relief association. Otis claimed that his injuries were caused by the carelessness of a drunken engineer, and during his disablement he accepted relief from the voluntary association, which, in the judgment of the court, estopped him from claiming damages. The court also held that he should have elected between suing for damages and accepting relief.

TWO THOUSAND DIED.

Slaughter of Christians at Orash Was a Terrible Affair.

Constantinople, Jan. 6.—The recent massacre at Orash is said to have been a terrible affair. The official dispatches admit that 900 Christians were killed, but according to private accounts about 2,900 Christians were killed. No further details of the massacre have been received.

A massacre is said to have occurred at Biredjik, an important town on the Euphrates. The outrage is believed to have been committed by the Kurds and Hamedieh colony. The ambassadors have received word that the bloodshed there was exceptionally serious.

Will Ask for Another Trial.

Columbus, Ohio, Jan. 6.—The attorneys in this city of the Central Trust Company of New York will ask for another trial of the \$8,000,000 Hocking Valley suit against Judge Stevenson Burke and others at the term of the common pleas court which begins this week. Judge Burke, when seen in reference to the case, said the suit had been settled by the recent decision in New York state, and that he and his co-defendants had the plaintiffs beaten. He said he did not care to discuss what the attorneys of the Central Trust Company proposed doing.

Bloody Work of a Madman.

Kokomo, Ind., Jan. 6.—Russellville, this county, had an exciting time with a madman Sunday. Joseph Calkins, who has been mentally unbalanced for some time, attempted to kill his wife and children with an ax. The victims escaped after receiving a terrible beating. Constables and neighbors then undertook to capture the maniac, who barricaded himself in the house. Calkins swung his ax with appalling effect. Officer Sims being killed and several badly injured. He was finally overpowered, brought to this city and jailed.

Utah Will Fittingly Celebrate.

Salt Lake, Utah, Jan. 6.—Preparations have been made on a gigantic scale for the inauguration of the new state's officers to-day. The legislature will be called in special session at 2 p. m. to fix a time for the regular session, the constitution failing to provide the time for convening regularly. Great crowds are coming in and every place of public accommodation as well as many residences are crowded with visitors. To-day's special trains from surrounding towns and from Wyoming and Idaho will bring thousands more.

Colorado Miners Still Entombed.

Victor, Col., Jan. 6.—Up to a late hour last night none of the entombed miners in the Anna Lee shaft nor their bodies had been recovered by the rescuing party, which has been working unremittingly since the accident. Not a sound has been heard which would indicate that any of the men are alive. It may be days before the bodies are reached.

Banker Day's Trial Commences Today.

Milwaukee, Wis., Jan. 6.—Frederick T. Day, ex-president of the defunct Plankinton bank, will be put on trial in the Municipal court to-day for receiving deposits at that institution after he knew it to be insolvent. The bank failed two years ago and the depositors have received about 40 per cent of their savings.

GEN. MAXIMO GOMEZ.

don has proved no more effective than did the line of La Trocha which was laid to keep the insurgents out of Santa Clara province. This line was broken on Saturday by the forces under Gomez and the main body of the insurgents yesterday passed into the province of Pinar del Rio, and are now overrunning that province with fire and the sword. The passage was effected near Batabano at Pozo Redondo, and Gomez burned the village of Gabriel on the way and partially destroyed the towns of Guira Melena and of Alquizar. The work of destruction in Havana province has been as complete as was that in Matanzas, and the sugar lands of Pinar del Rio are fast being put in the same desolate condition.

In effect, the whole island of Cuba, outside of the city of Havana is now in the hands of the insurgents. They have not annihilated the Spanish

GEN. ANTONIO MACEO.

forces, nor have they routed the whole army in any single pitched battle. Yet the situation is completely in their hands, and so completely have they out-generated the Spanish that, to all appearances, Martinez de Campos' army might as well be in Spain for any check it puts upon the movements to and fro of Maximo Gomez' army. The latter's progress has been accompanied with continual accessions to his forces by volunteers, and he has captured enough horses, rifles and artillery to add immensely to the effective strength of his men. He has practically carried his base of operations with him, and has usually counter-marched over a wholly different route from that of his advance, apparently counting with confidence upon living upon the country as he went.

There is little doubt really felt here that he will get as much or more sympathy in Pinar del Rio than he did in Santa Clara and Matanzas, and the general fear here is now that, after sweeping over Pinar del Rio, he will come upon Havana from the west, co-operating in an attack with the forces of the insurgents which have been east of Havana for several days past. The advance of Gomez beyond Batabano has cut the line of telegraph and cable communication with the eastern part of the island upon which Campos principally relied for directing his forces in Santiago de Cuba, Puerto Principe and Santa Clara.

Reports have been received of a pitched battle at Colon, east of this city, and the Spanish troops suffered defeat. The insurgents captured the position held by the Spaniards, also their artillery. Gen. Oliver is reported to have been killed, and a son of Gen. Campos wounded.

The proclamation of Gen. Campos to the effect that all horses in the island are to be held subject to requisition by the Spanish authorities has little effect,

SERMONS PREACHED IN LOCAL PULPITS

SERVICES IN JANESVILLE CHURCHES YESTERDAY.

Rev. Mr. Wilder Urged People to Use the Ability the Lord Gave Them—the Week of Prayer—At the Baptist Church—Christian Endeavor Work.

At the Congregational church, a new choir greeted the audience yesterday morning. It was composed of Mrs. A. O. Wilson, who for so many years has had charge of the music in this church, Mrs. S. B. Lewis, William Bladon and Professor H. C. Buell. The congregation feels itself fortunate in being able to secure such help for the coming year's services.

It was communion Sunday, and Rev. Wilder took for the subject of his talk, "The story of the Talents," urging all to use the ability God has given them. "Unused ability shall not remain, but waste away." "We are not here as individuals to live unto ourselves, but as members of locality."

He spoke of the undeveloped power in the church. There is a terrible contrast between christianity as the modern church characterizes it, and as Christ lived it. He deplored the fact that there were so many in the church whose lives failed to tell of Christ. Then there were those outside the church who said they believed but would not profess, whose influence, because not for Christ, must be counted against. The week of prayer will be observed with the following subjects:

Monday—Personal experiences and consecration.

Tuesday—For schools, homes to all young people's work. This meeting is in charge of the Christian Endeavor society, and members of the society will all be present.

Wednesday—Our church, sister churches in the city and our city.

Thursday—State, nation and her rulers.

Friday—All nations and peoples.

The ladies' society meets Friday. The church will be open all day.

The Christian Endeavorers.

The Junior society of Christian Endeavor society of the Congregational church elected the following officers at their meeting yesterday:

Superintendent—Miss Nellie I. Holmes.

Assistant Superintendent—Miss Hattie Owens.

Chorister—Mrs. H. C. Buell.

President—John Wilder.

Vice President—Mattie Spoon.

Secretary—Beth Miller.

Treasurer—Hannah Stearns.

Despite the stormy night the C. E. meeting was largely attended, and a very helpful hour passed. Notice of a business meeting to be held at the parlance immediately at the close of the meeting Tuesday evening, was given. All members and friends of the society are urged to attend.

At the Baptist Church

Dr. Hodge conducted both the morning and evening services at the Baptist church. The importance of seeking the Lord speedily was the subject of the morning sermon. Seeking the Lord together is a better sentiment for nations than the present war talk. There is need that the work be done speedily. We know not for how many this may be the last year of opportunity either to accept Christ or to do service for him. The music was in charge of a double quartette of the young people under the leadership of Prof. Taylor. Meetings will be held each evening this week except Saturday commencing at 7:30. The following are the topics:

Monday—"Meeting for the Master's Use" 2 Tim. 2:21.

Tuesday—"Caring for the Souls of the Others." Ps. 142:4.

Wednesday—"The Prayer That Avails" Jas 5:16.

Thursday—"Filled With the Spirit" Eph. 5:18.

Friday—"Open Confession of Christ" Rom. 10:9-10.

A meeting will be held Tuesday afternoon at 2 o'clock for those who cannot attend the evening service.

Other Church News.

At the Culture Club lecture next Sunday afternoon Rev. Victor E. Southworth will speak on Methodist Christianity, reading the twenty-five articles of the Methodist church and pointing out the distinctive characteristics of its theology and policy. Mr. Southworth is the son and grandson of Methodist ministers and was himself at one time a member of that religious fraternity. The lecture promises to be one of timely interest.

Rev. W. D. Simonds, who is to lecture on "Victor Hugo," at 7:30 Tuesday evening, in "All Souls," has won for himself a very enviable reputation.

AL. RUSSELL WAS DISCHARGED

The Court Commissioner Had no Jurisdiction in the Case.

Al. Russell, driver of the pacer Afrite, 2:08½, which record was secured on the Janesville track last July, was arrested about two weeks ago on an order of replevin brought by O. A. Behnke, of Brillion, Wis., claiming that Russell had concealed the trotter Allie G, who was sold by attachment in the state of Indiana some time ago on a lien claimed by Russell for services rendered by him as driver of the horse, was brought before Court Commissioner Markham, who discharged Russell on the grounds that the conversion of property took place outside of the state and without the jurisdiction of the state of Wisconsin. Russell was then released from jail.

Novelty in Dance

When Manager Yale conceived his "Ballet of the Boulevard" for "The Newest Devil's Auction" he certainly struck the key note of popular taste. The double stage was a clever idea, and so were the subjects introduced that treated of popular ideas in song, ballet and scenic surroundings. In order to retain the unusual interest manifested for the series of tableaux vivants, which comes under the heading of "The Boulevard" Manager Yale has devised a complete new series which he thinks will prove the most popular and artistic series yet. The natural views of New York City located as a background is in itself a novelty and as each tableau is disclosed the audience go wild over the many absurdities which are unfolded to their eager gaze. A Few Locals

About Kersey working pants have made a good many friends for us but the extra value is the real cause. I have a few more left at the same low prices \$1.50 lot at \$1.00 and the \$2.00 at \$1.50. It is only 50 cents saving but it only takes another to make a cartwheel. Frank H. Baack.

FIGURE THE COST OF THE MORTGAGE

SEVERAL ANSWERS TO "THAT PROBLEM."

No Two Alike, Yet Each Seems to Have Worked the Example On Correct Lines—The Manner in Which the Various Answers Were Reached.

The problem presented in The Gazette Saturday night has been figured by a number of people and the answers sent in. The first one received was as follows.

EDITOR GAZETTE—As to your problem in Saturday evening's Gazette if I understand it correctly the purchaser wishes to make an average of 6 per cent annually on a 5 per cent mortgage by buying it at a discount. If such is the case this is the solution—Interest on \$4000 at 5 per cent for 9 years is \$1800. Total received for mortgage at the end of nine years is \$5800. This is the same amount received by the purchaser who wishes to make 6 per cent. The total interest received by the purchaser would be 9X6 or 54 per cent, and by that mathematical rule—"Having the amount and rate given, to find the principal, etc., etc."—Dividing \$5,800 by \$1.54, gives \$3,766.23 29-77, the amount to be paid for the mortgage. O. W. BUCKLIN, 103 Milton Ave. F. J. Bailey's Answer.

A note of \$4,000 at 5 per cent running nine years would be worth:

\$4,000 at the beginning of the first year.
\$4,200 at the end of the first year.
\$4,410 at the end of the second year.
\$4,630.50 at the end of the third year.
\$4,862.025 at the end of the fourth year.
\$5,105.126.25 at the end of the fifth year.
\$5,360.382.56 at the end of the sixth year.
\$5,628.401.68 at the end of the seventh year.
\$5,909.821.76 at the end of the eighth year.
\$6,205.312.81 at the end of the ninth year.

Now to find what amount will produce \$6,205.312.81 in nine years at 6 per cent, we reduce it as follows:

Value at maturity or end of 9 years 6205.31284+
Value at the beginning of the 9th year=6205.31284÷1.06=5854.06871+
Value at the beginning of the 8th year=5854.06871÷1.06=5522.70633+
Value at the beginning of the 7th year=5522.70633÷1.06=5210.10031+
Value at the beginning of the 6th year=5210.10031÷1.06=4915.18897+
Value at the beginning of the 5th year=4915.18897÷1.06=4636.97072+
Value at the beginning of the 4th year=4636.97072÷1.06=4374.50067+
Value at the beginning of the 3rd year=4374.50067÷1.06=4126.88742+
Value at the beginning of the 2nd year=4126.88742÷1.06=3893.29001+
Value at the beginning of the 1st year=3893.29001÷1.06=3672.9151+
Now we have found that 4000 at 5 per cent in 9 years payable annually amounts to 6205.31284+
3672.9151+ at 6 per cent payable annually amounts to 6205.31284+
Therefore the note in question is worth if put on 6 per cent basis just \$3672.9151+ Ans.

Decimals carried five places each time.

Here Is Another.

EDITOR GAZETTE—I submit the following solution of the problem in your last Saturday's issue:

In order to make six per cent on his investment annually, he must purchase the \$4,000 mortgage at a price which at six per cent interest would amount to \$200.

Hence \$200 is 6 per cent of that number.

\$200 is six one-hundredths or three-fiftieths of the number. One-third of three-fiftieths of \$200 is one-fiftieth of the number. One-third of \$200 is \$66⅔ and 50 times \$66⅔ is \$3,333⅓ what he should pay for the mortgage. G. H. D.

Other answers were also received, but they did not set forth clearly the manner in which the sum was worked, were discarded. The first response to the publication came by telephone at 6 o'clock that night. It was from a Third ward lady who had figured the example and said the answer was approximately \$3,766.20.

CALLS DUVAL A REPROBATE

The Whitewater Register Does Not Want Him Pardoned

The Whitewater Register says: "An attempt is being made to secure a pardon for Dr. Duval, who was sent up for life from Janesville twenty-five years ago for poisoning his fourth wife. We hope that at least one life sentence may be allowed to run its full limit, and we know of no one whom it could be better exemplified upon than on that unspeakable old reprobate."

NO NEW CREAMERY IN HARMONY

It Was Found Impossible to Raise the \$3,500 Capital Required.

T. H. Edden, S. J. Joiner and George Goocher, who have been working with A. E. Catter, of Chicago, to secure the location of a creamery in Harmony, have given up the idea for the present. Disagreement about sites made it impossible to raise the \$3,500 required. All concerned spoke highly of Mr. Catter, and are anxious to have him make another canvass in the spring.

A Big Drop

IN DRESS GOODS

for any piece of dress goods that was included in the late 29c lot. At 29c they are better value than we ever offered before. At the 25c price they cannot remain long with us. 25c is simply an excuse of a price for such dress goods; it is not giving them away, but it is mighty near it.

We had 125 pieces laid out, dress goods worth from 50c to 65c, and they were what you have seen advertised at 36c. To encourage quick selling we have reduced this lot to 33c. Your own judgment will tell you, as soon as you see them, that it is a figure that can only last for a short time. Now is the golden opportunity.

Stop and consider what it means. Read the price over and over. Couple it to the Dress Goods you saw on the 64c table, down from 80c, 90c and \$1.00. The extra fine Serges, Henriettas, Chic Novelities, Iridescent, Fine Checks &c., 45 to 50 inches wide. It is an offering that we can probably never make again.

A Few Words..

The new tariff, for revenue only, although it cannot fail to benefit home manufacturers some, is sure to make Dress Goods higher. People must see the wisdom in buying Dress Goods now, in the face of all the facts that are presented in the papers from day to day.

The above prices, and many more that we are making on Dress Goods are only temporary; nothing fixed about them. We are liable to advance them at any time.

FELL FROM A CHAIR AND DIED AT ONCE

SUDDEN DEMISE OF ABRAM W. PARKER.

Heart Disease Was the Cause—Had Resided in Janesville For Many Years—Mrs. S. A. Bell Called to the Final Rest—Funeral of Joseph Wallace.

Abram W. Parker, an old resident of Janesville, died at his home on East Milwaukee street, at 11:30 o'clock this morning.

Heart disease was the cause. Mr. Parker had been in feeble health for some time but his death was a shock to his family. Mrs. W. H. Parker while working about the house was startled by hearing Mr. Parker call for help and hastening to the sitting room found that Mr. Parker had fallen from his easy chair to the floor. He was alive when she reached his side, but before she could get him into the chair again, his spirit took its flight. Dr. Mills was summoned and said that heart failure was the cause of death.

Mr. Parker was seventy-eight years old last October and has been a resident of Janesville for the past forty-five years. He came originally from New York state, and was associated in business in this city in the early days with O. Evenson in the manufacture of plows and sulkies. He also belonged to the old volunteer fire department. He leaves three sons—William H. and Albert W. of this city, and Robert B. of St. Paul. Notice of the funeral will be given later.

Funeral of Joseph Wallace.

The funeral of Joseph Wallace was held from St. Patrick's church yesterday afternoon at 2:30 o'clock, Dean McGinnity conducting the services. The funeral was largely attended and at the conclusion of the exercises at the church the remains were laid to rest at Mount Olivet cemetery. The pall bearers were Bernard Dugan, John Haley, Charles Viney, Patrick Enright, John Birmingham and Michael Flynn.

Mrs. S. A. Bell.

Mrs. S. A. Bell died last night at her home, 23 Milwaukee avenue, heart trouble being the cause of her demise. Mrs. Bell had resided in the city six years, coming here from Johnstown. The funeral will be held Wednesday morning at 10 o'clock, from the house, and the interment will be held at Johnstown Center. Rev. S. G. Huey will take charge of the services.

FREDERICH W. MCCOY IS IN JAIL

If the charge made against Frederick W. McCoy can be proved that gentleman will go to Waupun.

McCoy was arrested at his home near Evansville Saturday afternoon by Constable Wallace Cochrane and brought to Janesville and placed in jail Saturday night. The complaint made against him is signed by Poormaster S. B. Kenyon and charges that McCoy has taken advantage of the fact that Miss Mattie S. Flaherty is his step daughter, to get himself into serious trouble. The punishment for the offense charged is confinement in the state prison at Waupun. McCoy will be taken before the municipal court tomorrow, Judge Phelps being away today.

IRISHMEN ORGANIZE IN LIBERTY'S CAUSE

ROBERT EMMETT COUNCIL FORMED YESTERDAY.

The Object is to Free the Mother Country—Present War Scare Was Not Responsible For The Move Although the Members Would Fight if a Call Came.

Janesville Irishmen and persons of Irish descent, met at Columbia hall yesterday afternoon, the object of the meeting being to perfect the organization of a branch of the Irish National Alliance. "Robert Emmett Council" was accordingly organized by the election of the following officers:

President—J. L. Mahoney.
Vice President—John W. Hogan.
Secretary Ed. H. Ryan.
Treasurer—Dennis Hayes.

The council starts with sixty-four charter members and the object of the society, as outlined by one of the members, is "to co-operate with similar societies throughout the United States in all efforts to obtain the complete independence of Ireland under a republican form of government, by all means not in conflict with international law or the laws of the United States."

While the present war scare is said to have nothing to do with the organization of the council, it is said that a call to arms would call out every member to fight in behalf of the United States.

"We have nothing against the English people," said a member, "but we are against the House of Lords, and the English government."

Yesterday's meeting was open to the public and was largely attended.

THE NEW ENGINES MAKE MEN MOVE

JANESVILLE WILL LOSE SEVERAL FAMILIES.

Locomotives are Powerful Enough to Run From Chicago to Baraboo Instead of Changing Both Engine and Crew at This City—Green Bay Division May Feel It Too.

Janesville railroad men are not glad that the new "mogul" engines that the C. & N. W. are now using were invented, because their use compels the removal of a dozen families from this city to Baraboo.

Experiments with the new style engines have been so satisfactory that it has been decided to make the "run" from Chicago to Baraboo, a distance of 166 miles, without a change of either engines or crew, and this means the removal of a dozen families from this city to that place. "This plan was tried once before," remarked a local railroad man this morning, "but it was with the other engines and it was soon found that they couldn't make the time, but with the new locomotives they will have but little trouble carrying the scheme out, hence the change."

The idea is not to cut down expenses, but to reduce time. Railroad men are daily expecting to be notified that the same plan will be put in effect on the Green Bay division, which would make a straight run from Chicago to Green Bay. This would cause the removal of many more men from the city.

By this arrangement Engineer Harry Ebbetts and all the engineers "pulling the vestibules" will be compelled to remove.

ENTERTAINED THE M. D. CLUB.

Very Pleasant Session at The Home of Miss Jennie Rowe.

Miss Jennie Rowe gave a delightful cinch party at the home of her parents, Register of Deeds and Mrs. O. D. Rowe Saturday evening for the M. D. club and invited guests. The affair was a most pleasant opening of the club's social season of the new year. The first part of the evening was devoted to cards, the prizes being awarded to Miss Maud Everett of Waukesha, Ruth Culver and H. A. Ford. Tempting refreshments were then served, the tables being presided over by the Misses Annie Shearer, Edna Barker and Leah Rowe, after which "dissipated proverbs" were arranged and the prizes awarded to S. L. Sheldon and Miss Alice Ruger for giving the largest number of correct solutions. Those present were:

EXPENSIVE AND BAD.

A Reform in Household Furnishings Is Sadly Needed.

"Too little furniture is bad, but too much, it seems to me, is a good deal worse," said a jaded housekeeper to a New York Ledger writer. "My life is literally worn out with moving and putting in order and caring for the thousand and one articles of doubtful ornamentation and absolute uselessness with which the house is cumbered. I think that an ornament must have some excuse for being in order to be really worth the time and trouble required to take care of it. Instead of this, we have representations of all sorts of quaint and queer things that appear to me to have no right whatever in the drawing-room, to say the least. Some of these days I hope to see more of what might be called adaptation in the bestowing of our household decorations. The library is a good place for curiosities, unless one has a special room devoted to such purposes, and they ought to be kept there instead of in the drawing-room or parlors. A cabinet with shelves might be placed in either of these rooms and filled with articles appropriate to the apartment. But how often do we find every sort of curio, from the horrible and grotesque to the realistic and almost indecent, arranged in reception and family rooms. Of course, where space is limited, one must do the best one can; but all the same, there are many bits of bric-a-brac that would be much more agreeable if less prominently exhibited. To jumble Indian, Chinese, Japanese and all manner of articles into one place, and in such close proximity that they continually elbow each other, is like colonizing the different sorts of people under the same roof and compelling them to live there, whether they will or no. The incongruity, after a time, becomes painful, and it seems as though, in their own way, the articles would quarrel with one another as violently as would the human specimens of the same species were they thus crowded in together. And what is true of bric-a-brac is equally true of furniture. The fancy for odd pieces sometimes runs absolutely riot and brings about the collection of a heterogeneous assortment of furnishings that, however fine they may be individually, are an offense and a weariness when they must be endured collectively. Fewer articles, chosen and arranged on a well-defined plan, and with the most scrupulous regard for one another, are much more satisfactory to an artistic taste than the choicest miscellaneous collection that the gathering mania ever brought together under one roof."

A Superfluous Question.
 "Do you believe in women lectur-
 ers?" the man in the fur cap was ask-
 ing.
 The man with a thin chest opened
 it and produced one of his apologetic
 coughs.
 "Sh—speak easy," he said, nervous-
 ly; that's my wife in the next seat."—
 N. Y. Recorder.

Able to Pay.
 Club Man—Why didn't you recognize
 Clarence Fastchapp when we met?
 Sister—He has disgraced himself. I
 was told that he was turned out of the
 Hightone club for not paying his dues.
 Club Man—That's a base slander. It
 was only for "conduct unbecoming a
 gentleman."—N. Y. Weekly.

Very Different.
 He was counted very knowing
 When his boyish wild oats sowing.
 He snickered at the warnings of his ma;
 But it wasn't quite so funny
 When his father called out: "Sonny,
 Come march into the woodshed with your
 pa!"
 —Chicago Record.

Where the Shoe Pinched.
 Fackerly—Our standard of public
 morality is frightfully low.
 Beezletoop—I'm afraid that too many
 of our legislators can be bought.
 Fackerly—Oh, no trouble about that!
 But you can't depend on the rascals
 when you have bought 'em.—Puck.

Very Dear.
 Mrs. Spendall—Just look at this love-
 ly bonnet, John, that I bought to-day.
 Mr. Spendall (resignedly)—Well, how
 much?
 "Only \$18, and it is such a beauty.
 Don't you think it is, dear?"
 "Yes; very dear."—Texas Siftings.

Reliable Indication.
 "Does the old fellow have money?"
 "I rather thing so."
 "Makes a show, does he?"
 "Oh, no—but his daughter, who is
 35 years old and awfully ugly, was
 married last week!"—Chicago Record.

Job Lots.
 In her impotent rage her grace could
 only scowl at the duke, her husband.
 "This," she bitterly exclaimed, "is
 what a woman gets by buying what
 she doesn't want just because it's
 cheap."—Detroit Tribune.

With His Uncle.
 She—What! Going so soon, Mr.
 Brown? I will get your coat; it is
 hung up in the hall, isn't it?
 He—No, I hung it up before I came
 in.—Town Topics.

No Mystery.
 Mistress (severely)—How did this
 fire happen to go out?
 New Girl (innocently)—I guess you
 forgot to tell me to put coal on.—N. Y.
 Weekly.

Rough Talk.
 Miss Parvie-New—And wouldn't it
 be splendid if I should catch a lord?
 Miss May-Fair—Yes, then you would
 be a lady.—Pick-Me-Up.

Knew the Critter.
 Dr. Glade—Do you know anybody
 who has a horse for sale?
 Drover—I reckon Hank Bitters has;
 I sold him one yesterday.—Truth.

One of His Failings.
 "Wimmen is the weaker vessel."
 Them's the words the parson spoke;
 "Pears tow me, though, man's the party
 Who is always gettin' broke."

PAVEMENTS OF CORK.

Material for Streets That Possesses Many Advantages.
 An article in the Boston Medical and Surgical Journal for October 24 on the subject of a cork pavement is attracting much attention at the north, and it is not unlikely to be followed by practical results in having such a pavement laid experimentally in different cities of the United States. Although the laying of such a pavement in this country would be an experiment, the paving in question has got a long way beyond the experimental stage, both in Australia, where it was first introduced, and in Great Britain. For quite a number of years miles of the streets in Melbourne and Sydney, and more recently many blocks both in London and Edinburgh, have been laid with this kind of pavement, and the results obtained in both parts of the world have given high satisfaction. In London and Edinburgh it has been laid mostly in the streets around the hospitals and churches, with an especial view to deaden the sound of traffic, and it has accomplished its object excellently well. Neither wood nor asphalt approaches cork paving in noiselessness, and the cork paving has apparently other qualifications which may render it a strong rival to any of the kinds of material that are now used in paving our streets.
 "This designation (cork pavements)," says the writer in the Boston Medical and Surgical Journal, "is perhaps a misnomer, for the material consists of granulated cork mixed with mineral asphalt and other cohesive ingredients compressed into large blocks. Strictly speaking, then, these bricks are formed of a mixture of which cork is the most characteristic and important element. The advantage alleged in behalf of this combination are cleanliness, noiselessness, durability, elasticity, freedom from slipperiness whether wet or dry, and moderate cost. Unlike wood, it is non-absorbent, and hence inodorous; it presents the minimum resistance to traction; it is elastic under passing loads, and thus does away with the vibration caused by heavy teaming, one of the most disagreeable features of our narrow, congested streets. The blocks are imbedded in tar and rest upon a concrete base six inches thick."

If the Baby Is Cutting Teeth.
 Be sure and use that old and well-tried remedy Mrs. Winslow's SOOTHING SYRUP for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle.

Would Mention It Next Time.
 Dr. Chalmers, the eminent divine, was fond of telling the following story: "Lady Betty Cunningham, having had some difference of opinion with the parish minister, instead of putting her usual contribution in the collecting-plate merely gave a stately bow. This having occurred several Sundays in succession the elder in charge of the plate at last lost patience and blurted out: 'We cud dae wi' less o' yer manners an' mair o' yer sillier, ma leddy.' Dining on one occasion at the house of a nobleman he happened to repeat the anecdote, whereupon the host, in a not-over-well-pleased tone, said: 'Are you aware, Dr. Chalmers, that Lady Betty is a relation of mine?' 'I was not aware, my lord,' replied the doctor, 'but with your permission I shall mention the fact next time I tell the story.'"

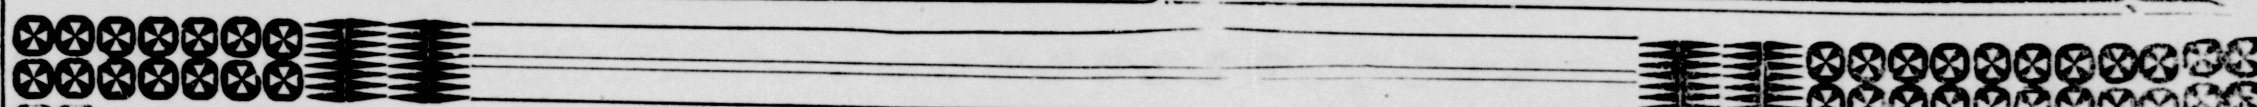

Keeping Boarders.
 It is the table only that counts for much; if that is satisfactory almost any other neglect or shortcoming will be pardoned. What these tables lack is variety and care, and those two things are the chief requisites of the average boarder. The supply of food is usually sufficient and expensive, but it is hideously monotonous, and it is often very badly cooked. The landlady complains of the boarder (using the generic term) as a fault-finder whom it is impossible to satisfy. May one of the same boarders gently suggest that she has not many times seen the attempt of satisfaction tried? There is ample cause for asserting that there is money to be made by keeping boarders. If one is willing to work hard at it there never will be a time when the pay was more certain than it is at present.

Simplicity.

That's the word. It's not "marvelous," "stupendous," nor "wonderful". It's a simple cutting off of the biggest end of a price on every thread of clothing and furnishings in Zeigler's big store. There's nothing so simple and easy as price cutting, but it takes nerve, it costs money, and that's why there never has been such price cutting in Janesville as has been done at our sacrifice sales.
